## Atto Secondo.

Vicinanza di Parigi. -Un bel giardino. In fondo, di fronte, un caseggiato di un sol piano di stile barocco. - Sulla facciata, una porta e due finestre. - La porta mette su di un lungo poggiuolo, da cui lati si scende, per pochi gradini, nel giardino. - Sul fianco della casetta, a destra, è una piccola gradinata di servizio. Dal lato stesso, un grosso platano stende i suoi rami carichi di foglie. - A sinistra, molto più in dietro dell'edifizio è il cancello d'ingresso, che si apre sulla strada maestra. Più in fondo ancora, si svolge il panorama di una ubertosa campagna.

Nel giardino, qua e là, un tavolo in marmo, piante, fiori ed alcune panchette. È un'alba di Maggio.

(Caterina entra in casa per la porta di servizio; Gastone ed Enrico escono dalla seconda quinta a destra. Nora seltanto resta li, pensiero sa)

La scena resta vuota. - A poco a poco, vi ritorna il silenzio e la serena pace dei campi.

Fine del II! Atto.

## Atto Terzo.

Camerone nell'ospedale del Convento delle Benedettine, a Parigi

Di fronte, sopra due grossi pilastri, si svolgono tre grandi arcate, stile Cinquecento, e in quella di mezzo è la porta d'ingresso, chiusa da una pesante portiera. A destra, le arcate laterali danno adito aduna corsia.

Una fitta grata, partendo dal pilastro a sinistra divide fino in fondo la scena.

Due finestroni, a sesto acuto e a vetri colorati, si aprono, in alto, ai due lati del Camerone. Dalla vetrata a destra, piove un largo raggio di sole. Contro il muro dal lato opposto, sotto una immagine mezzo coperta da un drappo, è un inginocchiatoio.

A destra, anche addossati al muro, una leggera sedia a bracciuoli ed un piccolo sgabello. Un altro sgabello in legno, da sedere, è accanto al pilastro a sinistra.

Fine dell'opera.
